INVESTMENTS IN PRECIOUS METALS

You are responsible for contacting a precious metal dealer of your choice and selecting the precious metals in which you wish to invest. Please note, the IRS places restrictions on the type of precious metals that can be purchased through your IRA. You can invest in Gold, Silver, Palladium, and Platinum. Each of these metals can be acquired in bullion bars and bullion coins following the requirements for a minimum fineness. Once the metals are purchased by your retirement account, the dealer will arrange to have them shipped to us for storage in our vault.

MINIMUM FINENESS REQUIREMENT

Minimum fineness as required under futures contract law by the Internal Revenue Code:

- Gold 99.5%
- Silver 99.9%
- Palladium 99.95%
